Québec, February 8, 2012 – Spaces are filling up quickly for the exhibition hall of the Global Geospatial Conference 2012, which will be held from May 14-17, 2012 at the Québec City Convention Centre.

More than three months prior to the Conference, more than half of the booths have already been booked.

If you are interested in booking a space, please hurry up and click [here](#).

Thanks to all the exhibitors for their contribution to the success of the Global Geospatial Conference 2012!

About Global Geospatial Conference 2012

Organized by the GSDI Association and GEOIDE Network, this conference will be covering the full range of practice, development and research experiences that advance the practice and theory of spatially enabling government, industry and citizens. The conference features prominent plenary speakers, workshops, technical tracks, a major industry exhibit, an industry showcase, and social events. Several publications will arise from the joint conference.

See www.gsdi.org/gsdi13 and/or www.geoide.ulaval.ca for all the details.
